Luxury Boutique Hotel in the Patagonian Glacier Region

3 nights

Patagonia, a mythical landscape of clear blue lakes, dramatic peaks, green forests and millennial glaciers. Los Glaciares National Park, where you are based, has 13 glaciers which end in the lakes Viedma and Argentino. The largest and most spectacular of which is the Perito Moreno glacier, with a height of 200 feet and an edge of 2 ½ miles. Seen from any angle this is a breathtaking sight, a monumental gleaming mass of ice edging churning its way slowly through the mountain valley, enormous splinters crumbling thunderously into the icy water beneath.

This is a place to experience the raw natural beauty of nature in its purest form. We can help organize trips into this unspoilt wilderness on horseback, 4x4, trips across the lake amongst the many gleaming icebergs as well as hiking across the Moreno glacier itself.

Your beautiful luxury hotel sits on a bluff overlooking the Moreno glacier, all rooms enjoying a fantastic view of this spectacle (in fact you can even enjoy the view from your bath-tub). The staff are excellent, the hotel comfortable and well designed with an excellent restaurant

The staff are excellent, and the hotel is comfortable and well designed, with a great restaurant and top spa facilities to relax in after a good day's exploring.

We have arranged for the two of you (and the skipper) to go sailing one morning on the lake, let the wind take you to the bank on the far side and enjoy a glass of champagne with the stunning views looking back across the glistening surface.
